.....APPROVAL..... OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the

following limitations and conditions: This permit to change the point of diversion of the waters of an underground source as heretofore granted under Permit 23858 is issued subject to the terms and conditions imposed in said Permit 23858 and with the understanding that no other rights

on the source will be affected by the change proposed herein. The

well shall be equipped with a 2-inch opening and a weir or other

type of measuring device at or near the well to facilitate the

measurement and control of the water. If well is flowing, a valve

must be installed and maintained to prevent waste. The State

reserves the right to regulate the use of the water under this pro-

posed change at any and all times. The total combined amount of

water granted under this permit and permit 19192 is limited to

what the well covered under the two permits is capable of producing.

If certificates of appropriation are issued under this permit and

permit 19192, the total combined amount of appropriation granted in

said certificates shall not exceed what the well covered under the two permits

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not

to exceed 5.4 cubic feet per second, but not to exceed of produc-
